SAFETY 2020

RELEVANT • CONNECTED • INNOVATIVE

June 23 – 25, 2020 | Orange County Convention Center | Orlando, FL

Meet Our General Session Speakers page 2
Explore Concurrent Sessions by Industry page 3
Network with Over 5500 of Your Peers page 8

Safety.ASSP.org
Experience three full days of high-quality education, packed with over 300 sessions for every skill level.

Learn tips and best practices that will advance your safety efforts.

Explore our industry-focused tracks and find what inspires you.

**June 23-25, 2020**

Safety 2020, presented by the American Society of Safety Professionals, is an industry-defining event for occupational safety and health (OSH). With a 97% recommendation rate, the annual conference offers an unparalleled educational experience for safety professionals. Join more than 5,500 of your peers who share your passion for safety and learn from the leaders who are at the forefront of the profession.

**Orlando, FL**

Orange County Convention Center

No matter how many times you’ve visited Orlando, you’ll be amazed by the new theme park additions, attractions, resorts, restaurants and other can’t-miss experiences joining the lineup on an ongoing basis. The Orange County Convention Center is just 15 minutes from Orlando International Airport (MCO) and is conveniently located near a diverse selection of restaurants, hotels and entertainment options.
Imagine what you could accomplish if you could understand what makes people do what they do and say what they say. Research shows our ability to get along with others, at work and at home, is key to success. How we choose to relate to, communicate with, be accountable to, resolve conflict with and garner respect from other people directly impacts our ability to be happy, develop healthy relationships, collaborate effectively and experience success. Human relations expert Connie Podesta will share insight and tools to help us act rather than just react to whatever life throws our way.

Each day we hear about emerging technologies and approaches like wearables, robotics, and predictive analytics. These developments can help you protect workers and improve safety in your organization. But they also can introduce new risks and may carry high costs that diminish organizational support. Our panelists will discuss some proven ways to incorporate technology into your safety program, review associated risks and share their tips for integrating safety as your company embraces these technology solutions.

The importance of a promise gets lost all too often in our fast-paced world. It’s too easy to say, “I’ll get to it” or “Tomorrow.” We have become numb to the disappointment from broken commitments, and this numbness can affect all aspects of our lives. Alex Sheen believes that every individual can be a person of their word, as reflected in his own journey launching and building the “because I said I would” viral social movement. Cap off Safety 2020 by making a renewed commitment to those you work with as well as those you love.

Diversity and inclusion are critical talent and growth issues for organizations around the world. These factors impact productivity, profitability and safety. As a safety professional, how can you help ensure that all workers feel welcome, appreciated and accepted? How can your efforts to engage all employees improve your organization’s performance? What can we do to better protect worker populations that currently suffer a disproportionate number of injuries and fatalities? Our panel will tackle these challenges, share lessons learned and explore how we can all be part of the solution.
Tuesday, June 23

Business Skills & Personal Development

SS001 Ethics, Compliance and Engagement: A Case Study 1
SS002 Business Skills for Safety Professionals: Understand the Business First 1
SS003 Slow Safety™: How Adaptive OSH Professionals Influence Decisions 1

SS007 Using Total Worker Health to Broaden Your Safety Program® 1
SS010 Something Wicked This Way Comes: LAQ Problem Exorcism 1
SS028 Environmental Legacy Risks: Myths and Realities 1
SS031 Cost Effectiveness for Noise Control and Hearing Conservation A
SS059 A Comprehensive Safety Program for the Healthcare Industry 1
SS061 Demystifying Industrial Hygiene Programs: A Simplified Process 1
SS062 Fundamentals of OSHA: Workplace Health B
SS085 Post-Standard Threshold Shift Follow-Up Made Easy A
SS103 Planning for Health Hazards During Construction 1
SS110 Lessons Learned From Recent OSHA Lead Inspections A
SS111 Auditing Your Laser Safety Program B

International

SS086 OSH Practices in Contractor Prequalification: International Trends A

Oil Gas/Mining & Mineral Resources

SS011 Process Safety: Lessons Learned From a Refinery Catalytic Cracking Unit Explosion and Fire 1
SS032 Improving Driving Safety – Successful Implementation: A Case Study A

Sessions are subject to change. Visit Safety.ASSP.org for the latest schedule.

Level Key: Concurrent sessions are identified as the following based on experience.

B Zero to four years
I Five to ten years
A Ten years plus
E Senior Safety Management
Regulatory Issues/Government/Public Sector

- Process Safety: Lessons Learned from a Refinery Catalytic Cracking Unit Explosion and Fire
- In the Weeds: Managing Workplace Risks of Legalized Marijuana
- Biological Eye and Face Protection: A New Standard
- It’s Not Just Dust: An Implementation Update on OSHA’s National Emphasis Program on Silica and Respirable Crystalline Silica Directive
- Knowledge About the Safety of Playground Equipment: Priceless
- Workplace Examinations, Inspections and Audits: Beyond Compliance
- Experience Modification Rate as a Measure of Safety Performance
- OSHA’s General Duty Clause: What Is Your Duty?
- Autonomous Mobile Robots: Risk Assessments
- SDS: Getting to the Right Classification and Why It Matters
- OSHA Update: 2020 Compliance, Enforcement and Legal Analysis
- Lessons Learned From Recent OSHA Lead Inspections
- How to Improve Your Bottom Line and Engage Your Employees: Create an Effective Anti-Retaliation Program
- ANS/ASSP Standards: Impact on the OSH Profession

Risk Assessment

- Fundamentals of OSH: Hazard Identification and Control
- Workplace Examinations, Inspections and Audits: Beyond Compliance
- Engineering Practice Can Reduce Risk: Part 3
- ROC Talk: Risk and Opportunity Conversations
- Preventing Serious Injuries and Fatalities With Precursor Analysis
- Will Your Management System Predict Your Next Incident?
- Working Safely at Height: Rope Access
- Ergonomics and ROI: Methods and Estimators
- Safety Next: How to Develop Commitment and High-Performance Safety
- Looking for Human Error? Make It Human and Lose the “Big Stick”
- Risk Assessment Forum: Implementation for OSH Professionals
- Selling Safety: Lessons From a Former Frontline Supervisor
- Resilient Safety Management Systems
- The Path to ISO 45001 OSH Third-Party Certification
- Putting People Back Into Sustainability: An ASSP-CSHS Forum
- Moving and Snoozing: Addressing Fatigue as a Driving Risk

Risk Management/Insurance

- Experience Modification Rate as a Measure of Safety Performance
- Demystifying Industrial Hygiene Programs: A Simplified Process
- Benchmarking: Turning Losses Into a Strategic Plan
- Managing Risk Through Layers of Control
- ROC Talk: Risk and Opportunity Conversations and Interactions
- A Safety Professional’s Role in Workers’ Compensation
- Machine Safeguarding Update
- Healthy Workforce: Strategies to Increase Utilization
- Cyber Security for the Safety Professional

Safety Management

- Business Skills for Safety Professionals: Understand the Business First
- Slow Safety™: How Adaptive OSH Professionals Influence Decisions
- Advancing Head Protection: Leading Innovation and Creating Change
- Security: The Rising Safety Risks
- The Tony Crow Story: Safety 24/7 at Work, Home and Play
- In the Weeds: Managing Workplace Risks of Legalized Marijuana
- Workplace Risk Management: How OSH Can Make a Positive Impact
- New Data Reveals Improved Fatigue Management Strategies
- Culture Change at a Pulp and Paper Mill: A Blended Approach
- Revised ANSI/ASSP Z10 Management System Standard: A Game Changer
- How to Develop a Comprehensive Fall Protection Program
- Effective Use of Perception Surveys on Construction Projects
- Safety, Well-Being and Workers’ Compensation: How They Impact Each Other
- Psychological Safety: Making It Safe to Speak Up
- Cost Effectiveness for Noise Control and Hearing Conservation
- The Next Frontier in Safety: Going Beyond Zero
- Lookout/Tapout Myths and Misconceptions
- Millennials in the Workplace: Avoid Stereotypes to Improve Safety
- Fundamentals of OSH: Basic Safety Management
- Are Consensus Safety Management Standards Effective? An Update on DOL’s Study
- The Art and Science of Influential Safety Leadership
- Safety Leadership – It’s Personal: How to Create Safety Leaders
- Leveraging Risk Assessment to Improve Operational Impact
- Benchmarking: Turning Losses Into a Strategic Plan
- Transformational Safety Leadership Drives OSH Excellence
- Safety Due Diligence Index: Rethinking Safety Board Reporting
- Safety Management Systems to Improve Hispanic Workers’ Safety
- ISO 45001 Forum: Significant and Continued Impact on Safety
- Fall Protection Trivia
- Pushing Past Leading Indicators: Measuring Progress and Value

Safety Management continued

- Preventing Serious Injuries and Fatalities With Precursor Analysis
- Will Your Management System Predict Your Next Incident?
- Working Safely at Height: Rope Access
- Ergonomics and ROI: Methods and Estimators
- Safety Next: How to Develop Commitment and High-Performance Safety
- Looking for Human Error? Make It Human and Lose the “Big Stick”
- Risk Assessment Forum: Implementation for OSH Professionals
- Selling Safety: Lessons From a Former Frontline Supervisor
- Resilient Safety Management Systems
- The Path to ISO 45001 OSH Third-Party Certification
- ANSI/ASSP Standards: Impact on the OSH Profession
- Putting People Back Into Sustainability: An ASSP-CSHS Forum
- Moving and Snoozing: Addressing Fatigue as a Driving Risk

Sustainability/Human Capital

- Cross-Cultural Factors in Disney’s Safety in Motion
- Racing Toward Inclusion: How to Impact Your Safety Culture
- Are Consensus Safety Management Standards Effective? An Update on DOL’s Study
- Safety Due Diligence Index: Rethinking Safety Board Reporting
- Communication and Mentorship Through Generational Differences
- Embrace Errors, Don’t Hide Them
- The New View: Safety Professionals as Change Agents
- Putting People Back Into Sustainability: An ASSP-CSHS Forum

Technical/Engineering/Standards

- Revised ANSI/ASSP Z10 Management System Standard: A Game Changer
- Biological Eye and Face Protection: A New Standard
- Developing an Effective and Consistent OSH Training Program
- Lockout/Tagout Myths and Misconceptions
- The Impact of Automation on Worker Safety and Health
- ANSI/ASSP Z359 Fall Protection and Restraint Forum
- Avoiding Solar Surprise: Safely Navigating PV Electrical Safety
- The Combustible Dust Hazard Analysis Deadline Is Approaching: Are You Ready?
- ISO 45001 Forum: Significant and Continued Impact on Safety
- Emergency Planning That Works: Insights From ISO 45001
- Machine Safeguarding Update
- Working Safely at Height: Rope Access
- Cyber Security for the Safety Professional
- The Path to ISO 45001 OSH Third-Party Certification
- ANSI/ASSP Standards: Impact on the OSH Profession
- Staying Safe in Trenches When Fatalities Are Rising Dramatically

Tuesday, June 23 continued
Wednesday, June 24

Business Skills & Personal Development

6001 How to Optimize Your Meetings to Produce Desired Outcomes
6002 Making Sense of the Data
6003 Enhancing Safety Through Clear Communications
6005 Safety EQ: Harness the Superpower of Emotional Intelligence
6006 Organizational Change Management
6004 The Safety Consultant Blueprint
6005 Secrets to Engaging Generation Z: Getting Post-Millennials to Buy In
6001 Making a Business Case: Refining Your Pitch for Safety
6007 Safety Made to Stick

Construction

6004 Fall Protection Harnesses: One Size Does Not Fit All
6016 Contractor Safety Prequalification: Benefits and Limits
6027 Pitfalls Impeding Construction Wrap-Up Insurance Programs

Training/ Education

5018 How to Develop a Comprehensive Fall Protection Program
5020 Cross-Cultural Factors in Disney’s Safety in Motion
5021 Developing an Effective and Consistent OSH Training Program
5026 Using Influence and Persuasion to Gain Commitment
5040 Millennials in the Workplace: Avoid Stereotypes to Improve Safety
5042 Racing Toward Inclusion: How to Impact Your Safety Culture
5044ANSI/ASSP Z359 Fall Protection and Restraint Forum
5045 Tell Me a Story: Teach Using the Power of Orality
5046 Promoting Safety in Preventive Maintenance Practices
5069 Safety Management Systems to Improve Hispanic Workers’ Safety
5072 Fall Protection Trivia
5096 OSHA Update: 2020 Compliance, Enforcement and Legal Analysis
5101 Stuck in Safety: Breaking Through Your Career Plateau
5102 Communication: The Key to Unlocking Safety
5107 Putting Your Own Back “Back In” and Comprehensive Wellness in 60 Minutes per Month
5121 Staying Safe in Trenches When Fatalities Are Rising Dramatically

Transportation

5022 Distracted Driving: Our National Epidemic
5032 Improving Driving Safety – Successful Implementation: A Case Study
5097 Insights Into the Causes for Motor Vehicle Incidents
5122 Moving and Snoozing: Addressing Fatigue as a Driving Risk

Key Issue Collaboration Sessions

5023 Cooperative Efforts to Face a Common Challenge – The Increasing Fatality Rate Among the Hispanic Workforce
5047 What’s This Thing Called Sustainability?
5073 The Changing Face of the Safety Profession
5098 Artificial Intelligence in OSH
5123 Employer Best Practices for Suicide Prevention in the Workplace

Construction continued

5028 Construction Safety Forum
5034 Construction Safety and Working in Qatar: A Personal Experience
5052 Challenges Implementing OSHA Rules for Silica Medical Surveillance
5053 Untangling OSHA Regulations for Tower and Construction Cranes

Emergency Management/Security

5030 Life Safety Essentials
5055 Fundamentals of OSH: Fire Protection

Environment/Hazardous Material

5005 Reducing Hazardous Waste Through Process Improvements
5029 Fundamentals of OSH: Environmental Management

Ergonomics

5006 Stretch and Flex Success: Dynamic Versus Static Stretching
5054 Ergonomics Risks and Solutions for the Aging Working Woman

Fire Protection

5030 Life Safety Essentials
5055 Fundamentals of OSH: Fire Protection

Healthcare/Wellness

5006 Stretch and Flex Success: Dynamic Versus Static Stretching
5007 Occupational Burnout Primary Prevention: A Novel Concept
5031 Drive Down Injury Risk with an Integrated Exercise-Based Approach
5054 Ergonomics Risks and Solutions for the Aging Working Woman
5056 A Dilemma in the Workplace: Integrating Mental Health and Safety
5064 Total Safety and Health: What Are You Missing?
5066 Total Worker Health Applied to Your Safety Program: Taking It Beyond the Theory

Hospitality

5008 Maintaining a Healthy Pool Environment: Safety Issues and Programs

Human Behavior

5007 Occupational Burnout Primary Prevention: A Novel Concept
5009 Humanistic Safety Support: Managing Behavior But Leading People
5015 Working High: Practical Approach to Managing Marijuana
5017 Leadership for Today’s Problems
5021 The Kina Hart Story: It’s Your Safety, Don’t Give It Away
5032 Getting a Seat in the C-Suite: What Every Safety Pro Should Know
5035 500 Voices: Key Findings from an OSH Survey of Oil and Gas Workers
5057 Buried Alive: A Survivor’s Story

Industrial Hygiene/Health

5010 The Respiratory Protection Program Administrator 2020
5033 Building Industrial Hygiene Programs in Electrical Utilities
5038 Right Sizing Combustible Particulate Management (NFPA 652)
5058 Advanced Hearing Conservation for Refineries/Chemical Processing
5057 Advanced Hearing Conservation Techniques

International

5012 GHS/HazCom: The Game. Can You Pass the Compliance Test in 2020?
5034 Construction Safety and Working in Qatar: A Personal Experience
5041 Developing an OSH Management System in a Country Lacking OSH Law

Oil, Gas/ Mining & Mineral Resources

5011 Safety and the Next Generation Oil Patch
5035 500 Voices: Key Findings From an OSH Survey of Oil and Gas Workers
5058 Advanced Hearing Conservation for Refineries/Chemical Processing
5059 OSHA’s Process Safety Management Standard: Achieving Compliance and Avoiding Pitfalls

Regulatory Issues/Government/ Public Sector

5005 Reducing Hazardous Waste Through Process Improvements
5008 Maintaining a Healthy Pool Environment: Safety Issues and Programs
5010 The Respiratory Protection Program Administrator 2020
5012 GHS/HazCom: The Game. Can You Pass the Compliance Test in 2020?
5018 OSHA 1910.146: Keeping Confined Space Entry Safe
5036 Confidently Exercising Employer Rights in an OSHA Inspection
5037 OSHA Interesting Field Cases: Part 1
5052 Challenges Implementing OSHA Rules for Silica Medical Surveillance
5053 Untangling OSHA Regulations for Tower and Construction Cranes
5059 OSHA’s Process Safety Management Standard: Achieving Compliance and Avoiding Pitfalls
5060 OSHA Interesting Field Cases: Part 2
5061 ASSP Government Affairs Update
5068 Implementing Practices for the Protection of Temporary Workers
5070 Lockout/Tapout: What You Won’t Find in the Standard

Risk Assessment

5013 Chasing Ghosts: Calculating the True Value of Risk
5014 Are You Doing Enough? Taking Process Safety to the Next Level
5033 Building Industrial Hygiene Programs in Electrical Utilities
5038 Right-Sizing Combustible Particulate Management (NFPA 652)
5039 Managing Risk Where It Matters Most
5044 How to Build Effective Horizontal Lifelines for Field Conditions
5045 OSHA and ANSI: Lockout/Tapout, Alternative Measures and Machine Guarding
5062 Addicted to Blame: 10 Steps to Fixing Your Root-Cause Analysis
5063 Fall Prevention Risks: What You Don’t Know Could Kill You

Risk Management/Insurance

5015 Working High: Practical Approach to Managing Marijuana
5023 Risk Management Best Practices for Motor Vehicle Fleets
5027 Pitfalls Impeding Construction Wrap-Up Insurance Programs
5039 Managing Risk Where It Matters Most
5064 Total Safety and Health: What Are You Missing?
5065 Human Resources and the Safety/Risk Management Relationship

**Thursday, June 25 continued →**
Discover emerging safety topics and stay ahead of the curve.

Jump in to high-energy Flash Sessions and Think Tanks on the expo floor.

Visit Safety.ASSP.org to check out our always-growing list of exhibitors and see this year’s floor plan.
Networking

Attend a wide variety of events, meet your peers and make lasting connections.

**Women in Safety Excellence Reception**
Monday, June 22 | 6:00PM – 8:00PM
Sponsored by Amazon

**Blacks in Safety Excellence Reception**
Monday, June 22 | 5:00PM – 7:00PM

**Women in Safety Excellence Retreat**
Sunday, June 21 | 7:45AM – 5:30PM

**Emerging Professionals Reception**
Monday, June 22 | 7:00PM – 9:00PM

**Emerging Professionals Breakfast**
Tuesday, June 23 & Wednesday, June 24
9:15AM – 10:15AM

**Hispanic Safety Professionals Reception**
Tuesday, June 23 | 6:30PM – 8:30PM

**Student Roundtable Discussions: Safety Talks**
Wednesday, June 24 | 2:30PM – 4:00PM

**Safety 2020 Step Challenge**
Tuesday, June 23 – Thursday, June 25
All Day

The ASSP Foundation invites you to step up to the challenge of the Safety 2020 Step Challenge! Compete for some amazing prizes, promote a healthy lifestyle and get credit for all those steps! Registration fees go to support ASSP Foundation’s work to build a strong pipeline of occupational safety and health professionals to make all industries safer worldwide.

**Bash on the Block Networking Night Out**
Wednesday, June 24 | 6:00PM – 9:00PM

Check out our robust career center, where you could meet your next employer or employee.

Enjoy the Lunch and Learn program, now offered all three days of the conference.

Contribute to Key Issue Collaboration Sessions and make your voice heard.

Visit the ASSP Communities Lounge for meetups with industry peers and common interest groups.

Shop the ASSP Marketplace for technical publications, ANSI/ASSP Standards and ASSP brand gear.
